Become a Community Partner!

We are not asking for money, there are other ways to help!

Open Studio Hartford is the largest collaboration of artists and arts organizations. The “arts extravaganza” brings hundreds of artists and thousands of visitors to come face to face with creativity in our capital! It attracts collectors seeking the “undiscovered”, those that appreciate original art and craft, and families wishing to absorb the experience that only art provides.

OSH helps define Hartford as a very special place!

Like most non-profits, we need money but we are seeking other support from the **entire arts, cultural and business community**. Help make OSH an even more impressive community accomplishment. Consider being an ambassador!

There is no monetary obligation. Your name will appear in the CTNOW Guide (90,000 inserts in the Courant) an online if you simply agree to share on social media, inform your employees, distribute programs, provide an in-kind gift or service or buy an advertisement.

We hope you'll help promote the visibility of our Hartford arts community!

2016 RECAP: Open Studio Hartford Kicked-Off with over 600 attending the Opening. The **Group Show** backdrop featured work from each OSH artist and extended through November. **“Ekphrasis: Poetry, Music & Dance Inspired by Visual Art”** was an intriguing crossover of multi-media artistic disciplines. **Open Studio Weekend** itself was a record-breaking show of over 300 artists. Art of all types enticed the serious collector seeking the “undiscovered”, those that appreciate original art and quality craft and families wishing to absorb a unique experience by coming face-to-face with creativity.
