Work by over 30 students! An exhibition and sale featuring new works by Sophomore and Junior students in painting, drawing, illustration, photography, printmaking, ceramics, media arts, sculpture, visual communication design, foundation studies, and art history. Talented young artists present a broad range of works that reflect their exploration of theme, material, and media.

Experience a dynamic balance between the traditional and emerging arts, reflecting an ever-changing world. With a history of educating creative practitioners and critical thinkers, we encourage students to be proactive and to develop their unique artistic vision. We value the local and international communities and participate in culture at large. You will delight in the recent works these emerging artists are creating!
